Into the sea I will go
Into the sea I will go
Into the sea I'm diving

Into the sky I will go
Into the sky I will go
Into the sky I'm flying

Into the stars I will go

FLOURISH

Every wildflower knows how to hold the earth
 Aware of the way of the wind we remember to bend
 When we bear fruit we present our seeds to the breeze
 Trusting the wind to allow us to continue to flourish

| Flourish [4x]

| [And] with our roots planted firm in the dirt
 | We open our petals to the heavens
 | Bathing in the light that purifies
 | Bringing that energy inward

Every wild animal knows how to tread lightly
 Soft paws gentle hooves we remember the shush of the sea
 Moving like the ocean in motion inside of us
 Trusting the water to allow us to continue to flourish

| Flourish [4x]

| [And] with our roots planted firm in the dirt
 | We open our petals to the heavens
 | Bathing in the light that purifies
 | Bringing that energy inward

Every wildfire knows its role in the medicine wheel
 To end one cycle for a new life cycle to begin
 We burn like the phoenix and return to the dawn of a new day
 Trusting the fire to allow us to continue to flourish

| Flourish [4x]

| [And] with our roots planted firm in the dirt
 | We open our petals to the heavens
 | Bathing in the light that purifies
 | Bringing that energy inward

TO CREATE THE PEACE

To create the peace in me
 I must sing as sparrows sing
 As a royal force of calm
 That relaxes everything

With the sparrows' soothing song
 And the wind sending it long
 I will pacify this forest
 Being tender kind and strong

To create the peace in me
 I must journey as the deer
 Being stealthy in the forest
 Moving safely far and near

With composure as the deer
 I will walk to make my way
 To the place where I am going
 At a pace I can sustain

To create the peace in me
 I must breathe as the bee
 In the presence of the petals
 With the pollen that I bring

With obedience as the bee
 I will work delightedly
 To be humble artful helpful
 Noble diligent and sweet

To create the peace in me
 I must see as eagles see
 Having keenness in my senses
 Having sensibility

With a lift of eagles' wings
 I will elevate my mind
 I will focus my attention
 On the fine gifts that I find

To create the peace in me
 To remember how to smile
 I must get to know my nature
 As a child everwild

I am lion hear me purr
 I am humming hummingbird
 I am raindrop bearing rainbow
 I am crystal clear and pure

**Tempo rubato is the suggested rhythm, with variable shifts in speed and space, like soothing waves, expressive and free-flowing.*

BRAVE SPIRIT

Brave spirit rises with the moonlight
Dancing as the deer in the meadow
It is in the hooting of the night hawk
It is in the cool morning dew

She is a brave spirit
Gardener of the star seeds and
Wildcrafter of herbal medicine
Water bearer and rhythm carrier

It is in the tempo of her drumbeat
It is in the flowers in her hair
She listens twice and she speaks once
Her walk is light on the earth

He is a brave spirit
Guardian of the sacred melodies
Honorer of the Great Mystery
Trail blazer and fire starter

It is in the strumming of his guitar
It is in the feathers that he wears
His attitude is one of gratitude
Pilamayaye Wakan Tanka

There in a prayer two souls
Circle around the holy one
When one could be loved one learns
To be lovable and to love

Brave spirit draws two together
Bathing in the same riverbed
It is in the dawn of creation
It is in the life everlasting

Brave spirit rises with the moonlight
Dancing as the deer in the meadow
It is in the hooting of the night hawk
It is in the cool morning dew

THE AWE THE EASE

| Ah, the awe the ease

I am breathing because my body is a vessel in rhythm
Heart beating I am aware of my blood in flow

Ah, the awe the ease

I am singing because this melody is enlivening
Heart listening to this harmony imagining

Ah, the awe the ease

Eyes open I am seeing a world that welcomes me
With open roads and open arms to hold me

Ah, the awe the ease

Eyes ready I steady myself to serve as a vessel
With steady steps I readily up-level

Ah, the awe the ease

IN THE SPACE IN BETWEEN

mazurka

The sun the moon the stars
They ripple they sway in the waves
The vapor the rain the rainbow
Invisible and then visible

| Where the sky meets the sea
| The fire meets the water
| There in the space in between
| The space in between

The jelly the ray the whale
Even they elevate
The hummingbird the butterfly
Even they bathe

| Where the sky meets the sea
| The fire meets the water
| There in the space in between
| The space in between

The father the mother the child
Share the boat with you and I
The angels the archangels
Share the arena of lights

| Where the sky meets the sea
| The fire meets the water
| There in the space in between
| The space in between

GOOD MORNING SUN

Enters the sun
 Onto the horizon
 Rising with the children
 Indigo blue

Enters a feeling
 Of happiness I am
 Receiving the blessing
 Of sun energy

I am inspired
 To echo the sun
 Casting my sunbeams
 Illuminating shadows

I am invited
 To shine with all my might
 Radiating light
 In every direction

Viva to dawn
 In the golden hour of morning
 When the open eyes
 Gaze upon the light

Good morning sun
 Thank you for this new day
 I believe
 I am born again again

HEAVILY

When the wind blows heavily
 I lift my voice to the heavenly
 Those angels those eagles
 Those spirits with us soaring

When the waves crash heavily
 I lay my heart on the heavenly
 Those water lilies those mermaids
 Those great blue whales there swimming

When the fire burns heavily
 I lift my hands to the heavenly
 Those golden glowing rays of sunshine
 Those smoky smudges satisfying

When the earth shakes heavily
 I lay my head on the heavenly
 Those intraterrestrial beings
 Those woodland gnomes and fairies

*“Om-mani-padme-hum” is an ancient Sanskrit mantra, with infinite interpretations, such as: “Behold, the jewel in the lotus.”
 *“Karuna-hum” means “Compassion is my nature.”

DANCING CONSTELLATION

I send a ray of white
Through the diamond in my chest
In order to harness the rainbow inside
This is my high desire

I am a color wheel
In an arena of lights
I send the spectrum through myself as a prism
For I am crystalline

Just as the stars align
This child of light shines in beauty bright
And we are all stars together we aura
Dancing constellation

I am an open door
Hoping for you to explore
Your outer reaches and my Innermost
For I will share my aura

I share my dreams and trust
I have my pixie dust
For I am filled with the most mystical gift
This is my love

Just as the stars align...

I give my vivid violet
You iridescent blue
Metallic sheen and mother of pearl
We marble swirl

Just as the stars align...

Calling all artists: enjoy the space
 This is an open canvas place
 As for your twinkle shimmer sparkle
 Your light your warmth appreciates

All you composers: bring your composure
 This is a story well underway
 As for your brushstrokes splashes auroras
 You are invited to co-create

I am I am on my way I am on my way [4x]

Calling all consciousness: bring your finesse
 This is a graceful grateful place
 This is a blast this bliss this blessing
 This is a sacred naked space

This is a present pleasant place
 Made for the swan skywalker starchild
 Made for the sufi singer seer
 Made for the wild colors flying

I am I am on my way I am on my way [8x]
