waltz

Into the sea I will go
Into the sea I will go
Into the sea I'm diving

2. COLORS FLYING

waltz

Calling all artists: enjoy the space
This is an open canvas place
As for your twinkle shimmer sparkle
Your light your warmth appreciates

All you composers—bring your composure
This is a story well underway
As for your brushstrokes splashes auroras
You are invited to co-create

I am I am on my way I am on my way [4x]

Calling all consciousness—bring your finesse
This is a graceful grateful place
This is a blast this bliss this blessing
This is a sacred naked space

This is a pleasant present place
Made for the swan skywalker starchild
Made for the sufi singer seer
Made for the wild colors flying

I am I am on my way I am on my way [4x]

3. DANCING CONSTELLATION

I send a ray of white
Through the diamond in my chest
In order to harness the rainbow inside
This is my high desire

I am a color wheel
In an arena of lights
I send the spectrum through myself as a prism
As I am crystalline

*Just as the stars align
This child of light shines in beauty bright
And we are all stars together we aura
Dancing constellation*

I am an open door
Hoping for you to explore
Your outer reaches and my Innermost
As I will share my aura

I share my dreams and trust
I have my pixie dust
As I am filled with the most mystical gift
This is my love

Just as the stars align...

I give my vivid violet
You iridescent blue
Metallic sheen and mother of pearl
We marble swirl

Just as the stars align...

4. BRAVE SPIRIT

Brave spirit rises with the moonlight
Dancing as the deer in the meadow
It is in the hooting of the night hawk
It is in the cool morning dew

She is a brave spirit
Gardener of the star seeds and
Wildcrafter of herbal medicine
Water bearer and rhythm carrier

It is in the tempo of her drumbeat
It is in the flowers in her hair
She listens twice and she speaks once
Her walk is light on the earth

He is a brave spirit
Guardian of the sacred melodies
Honorer of the Great Mystery
Trail blazer and fire starter

It is in the strumming of his guitar
It is in the feathers that he wears
His attitude is one of gratitude
Pilamayaye Wakan Tanka

There in a prayer two souls
Circle around the holy one
When one could be loved one learns
To be lovable and to love

Brave spirit draws two together
Bathing in the same riverbed
It is in the dawn of creation
It is in the life everlasting

Brave spirit rises with the moonlight
Dancing as the deer in the meadow
It is in the hooting of the night hawk
It is in the cool morning dew

5. TO CREATE THE PEACE

To create the peace in me
I must sing as sparrows sing
As a royal force of calm
That relaxes everything

With the sparrows' soothing song
And the wind sending it long
I will pacify this forest
Being tender kind and strong

To create the peace in me
I must journey as the deer
Being stealthy in the forest
Moving safely far and near

With composure as the deer
I will walk to make my way
To the place where I am going
At a pace I can sustain

To create the peace in me
I must breathe as the bee
In the presence of the petals
With the pollen that I bring

With obedience as the bee
I will work delightedly
To be humble artful helpful
Noble diligent and sweet

To create the peace in me
I must see as eagles see
Having keenness in my senses
Having sensibility

With a lift of eagles' wings
I will elevate my mind
I will focus my attention
On the fine gifts that I find

To create the peace in me
To remember how to smile
I must get to know my nature
As a child everwild

I am lion hear me purr
I am humming hummingbird
I am raindrop bearing rainbow
I am crystal clear and pure

**Tempo rubato is the suggested rhythm, with variable shifts in speed and space, like soothing waves, expressive and free-flowing.*

6. IN THE SPACE

mazurka

The sun the moon the stars
They ripple they sway in the waves
The vapor the rain the rainbow
Invisible and then visible

| *Where the sky meets the sea*
| *The fire meets the water*
| *There in the space in between*
| *The space in between*

The jelly the ray the whale
Even they elevate
The hummingbird the butterfly
Even they bathe

| *Where the sky meets the sea*
| *The fire meets the water*
| *There in the space in between*
| *The space in between*

The father the mother the child
Share the boat with you and I
The angels the archangels
Share the arena of lights

| *Where the sky meets the sea*
| *The fire meets the water*
| *There in the space in between*
| *The space in between*

7. HEAVILY

When the wind blows heavily
I lift my voice to the heavenly
Those angels those eagles
Those spirits with us soaring

When the fire burns heavily
I lift my hands to the heavenly
Those golden glowing rays of sunshine
Those smoky smudges satisfying

When the waves crash heavily
I lay my heart on the heavenly
Those water lilies those mermaids
Those great blue whales there swimming

When the earth shakes heavily
I lay my head on the heavenly
Wild roses wild raspberries
Wild horses gnomes and fairies

8. THE VOICE

mazurka

| The Voice of all voices is singing
| Singing in the Innermost
| Calling all of us who listen
| To listen and lend our voices

The heartbeat it is being drummed
*Om-mani-padme-hum om-mani-padme-hum**
The heartstrings they are being strummed
*Karuna-hum karuna-hum**

| The presence of the Presence is with us
| Here now in the moment
| Calling all of us who focus
| To focus and lend our voices

The heartbeat it is being drummed...

*“Om-mani-padme-hum” is an ancient Sanskrit mantra, with infinite interpretations, such as: Behold, the jewel in the lotus.

*“Karuna-hum” means: Compassion is my nature.

| The Star of stars is guiding
| Guiding high in the heavens
| Calling all of us who wonder
| To wonder and lend our voices

The heartbeat it is being drummed...

| The harmony of the Harmony is calling
| Calling the star people
| Calling all of us who sparkle
| To sparkle and lend our voices

The heartbeat it is being drummed...

Rising with the children

Of happiness I am
Receiving the blessing
Of sun energy

10. FLOURISH

Every wildflower knows how to hold the earth
 Aware of the way of the wind we remember to bend
 When we bear fruit we present our seeds to the breeze
 Trusting the wind to allow us to continue to flourish

| *Flourish* [4x]

| *[And] with our roots planted firm in the dirt*
We open our petals to the heavens
Bathing in the light that purifies
Bringing that energy inside

Every wild animal knows how to tread lightly
 Soft paws gentle hooves we remember the shush of the sea
 Moving like the ocean in motion inside of us
 Trusting the water to allow us to continue to flourish

| *Flourish* [4x]

| *[And] with our roots planted firm in the dirt...*

Every wildfire knows its role in the medicine wheel
 To end one cycle for a new life cycle to begin
 We burn like the phoenix and return to the dawn of a new day
 Trusting the fire to allow us to continue to flourish

| *Flourish* [4x]

| *[And] with our roots planted firm in the dirt...*

11. BLACK

There was nothing, no one, nowhere, anywhere out there
When the artist made a guitar
With a soulful wave that gave the chills to the chill
| Radiating through the art [heart]

There was roaring, rumbling, booming, thundering, drumming
When the strings found their singing tones
With a woo, ee, ah, oh, hum, yum, ram, and an aum
Entering a zone unknown

There was black... everywhere
When the artist said let there be light
In an instant infinite stars started to shine
Like the embers in the inner fire [4x]

There was space and there were places in between
When the artist played a guitar
With a sonic, symphonic, ecstatic soundscape
Radiating through the art [heart]

There was chaos as the cosmos came to be
When the strings brought their harmony
With a vibrational wave that soothed wild worlds
Opening a door to peace

There was black...

There was someone somewhere seeking some other someone
When the artist shared a guitar
With a fellowship, friendship, kinship, companionship
Radiating through the art [heart]

There was anything anyone wished there would be
When the strings offered their desires
In a motherload of glorious gorgeous notes
Resonating as a choir

There was black...

12. THE AWE THE EASE

| *Ah, the awe the ease*

I am breathing because my body is a vessel in rhythm
Heart beating I am aware of my blood in flow

Ah, the awe the ease

I am singing because this melody is enlivening
Heart listening to this harmony imagining

Ah, the awe the ease

Eyes open I am seeing a world that welcomes me
With open roads and open arms to hold me

Ah, the awe the ease

Eyes ready I steady myself to serve as a vessel
With steady steps I readily up-level

Ah, the awe the ease

13. TO BE FREE

Brotherlove I walk in your moccasins
 Honoring rocky miles behind your feet
 Remembering virtues that you stood for
 Sure enough you made a way for me

To be free [3x]
To be

Brotherlove I ignite the fire you made
 Visioning running through a field of sage
 Remembering crows know the way to go
 Antelope darting in every direction

To be free...

Brotherlove I drink from the cup you filled
 Bringing in goodness that you gave
 Remembering music moving through
 Carrying songs that used to carry you

To be free...

Brotherlove I hear your voice in the wind
 Listening to spirit movement in the air
 Remembering your shadow below
 Ivory is ebony at sundown

To be free...

I can feel your heartbeat
Pumping through your chest
And it makes me feel
Close to you

I can see your vibrant eyes
Smiling into mine
And it lets me know
We both feel close

I can smell the roses
Showing me to go slow
And it feels like home
With your hand to hold

I can taste cacao
Warming my mouth
And I feel your kiss
On my lips

I can hear the wind chimes
Telling me it's time
And it feels so right
I could cry

4. JUST A DROP

mazurka

Old souls young at heart
Find each other in the dark
Eyes closed open minds
Feel the fire of flying sparks

Om shanti shanti shanti* [4x]

Gold tones from the source
Offer their light showers
Wild horses given wings
Run in endless sunflowers

Om shanti shanti shanti

Show those colors
All you rainbows
Share those high notes
All you sparrows

Om shanti shanti shanti

Oceans of love
Offer their abysses
Just a drop is enough
That is what this is

Om shanti shanti shanti

Wherever you are
However far
We share the same space
To be stars

My heart burns bright for you [4x]

My every breath shares your air
My misty rain once was your ocean
My fire inside lives in you too

My heart burns bright for you

The dragonflies adore you
The butterflies hover above you
The fireflies come to comfort you
And even I fly in love

My heart burns bright for you

9. BRING THE MILK

Whisper your wishes to me
I am listening with open ears
Send your prayers in the wind
Sing your sweet melodies

Show your dance to the starlight
I am seeing and twinkling
Give your glow to the night
Share your heart with the sky

You bring the milk
I bring the honey
I am the king for you
Queen

Go where you want to go
I am in awe from afar
Be who you choose to be
Stand in your sovereignty

You bring the milk...

Bloom where you are planted
I am butterflying all around you
Grow your glorious garden
Bless the worlds with your awesome blossom

You bring the milk...

10. I GET LOST

When I lose myself
In the infinite abyss
Of your inner ocean
Waters wavering
Whirling and deepening
I get lost in oneness

| *I get lost*

When I lose myself
In the eversweet peach
Of your inner paradise
Flora flourishing
Opening and blossoming
I get lost in oneness

I get lost

When I lose myself
In the roaring thunderstorm
Of your inner atmosphere
Lightning crashing
Rumbling and flashing
I get lost in oneness

I get lost

When I lose myself
In the endless spaciousness
Of your inner universe
Stars twinkling
Spiraling and sparkling
I get lost in oneness

I get lost

11. STILL WITH YOU

mazurka

Still with you
I feel you in the countryside
When the horses run wild

Still with you
I feel you in the firelight
When it warms up the night

Still with you
I feel you in the wind
When it brushes my skin

Still with you
I feel you in cacao
When it kisses my mouth

Still with you
I feel you in guitar strings
When my heart sings

12. WE USED TO RUN

We used to run as wild as the country
Revealed itself as we were blazing through
Thunderous love pumping through every vein
Long tails dashing in the seas

When we were with each other hoof to hoof
I reached my neck out to hug you
When we were with the melody of the moment
We would be coasting in the angelic breeze

And when we walked it was perpetual Spring
The flowers outnumbering the patches of bare earth
And when we ran it was as free as the wind
The path was open all ways open

And when we flew it was an effortless lean
Into the future and mine was bright and blue
When we remember where we come from
We become one with the memory

13. UNCONDITIONAL

Unconditional Love

This is what a mama bear offers to her cub

May we all be warm at Home

Wherever we roam

Unconditional Love

This is what a daddy offers to his daughter

May we all be respected

Just as the stars we are

Unconditional Love

This is what a brother offers to another

May we all be blessed with gifts

To lift each other up

Unconditional Love

This is what the Spirit offers to our souls

May we feel the fullness wholeness

And holiness of Love

14. PURE LOVE

Pure Love it fills my chest
With treasures of incredible worth
The peace that tenderly leads
The melody to the harmony

Light me, light me, light me up

Pure Love it draws us together
Now to know the Divine
By gathering in the name of God
Listening to the guide inside

Lift me, lift me, lift me up

Pure Love brings happy little tears
The rain that washes us clean
The gratitude that shapes the attitude
The thoughts the hopes the dreams

Hold me, hold me, hold me up

Pure Love expands the capacity
To know what we need to know
To do what I am to do
To be who I aim to be

Open, open, open me up
